Happy Spring and Welcome Back to all of the snow birds and fair-weather weekenders! Whatever you want to call yourselves....we can't wait to see you! After a busy 2023, Shane and I were able to take a vacation to Isla Mujeres, Mexico. My parents agreed to put up with us for a week of fun and sun at what I now refer to as Tropical Holiday Lake. While there, Shane decided that the only way to sit and relax is with a cold beverage in your hand while sitting on a swing. With this inspiration and adding an Iowa twist, we are in the process of creating the area's first Binzebo Swings! This area will be open to the public for everyone to enjoy during business hours. Also in the works is another building which we hope will be up by the end of summer. This one will be for indoor Boat storage. If you would like to get on the list for fall, please contact us soon.

STORAGE

2024-25 INDOOR WINTER STORAGE
Now taking deposits for new customers

ICE CREAM and Slushies were a hit last year and we will continue to stock all of your favorite treats and beverages. The ice cream machine will run Fridays thru Sundays during the summer months. And yes, last year's punch cards are still good for this year and we will continue to offer the cards! Last year's winners were Kaiden Keller and Mark Bjelland!

FOOD TRUCKS! I have a great selection of food trucks lined up for this season and will do my best to post on Facebook and keep the sign on the lane current with times and menus. We offer our parking lot to food trucks at no charge. Please keep that in mind and support local small businesses like ours so we can continue to grow and support our families.

NEWSLETTER. Once again, I have tried to cram as much information and advertising in here as I can. All events are subject to change. Please inquire at the lake office for any follow-up questions on official Holiday Lake events and Committees. I also ask that you please support the local businesses that advertise in the newsletter. Without them, this newsletter would not be possible.

We can't wait to see everyone!
Jeni & Shane

(yes, we're playing around with a new logo!)

Holiday Lake Rocks

IT'S ALMOST TIME TO ROCK! Rock Season is upon us! New unpainted rocks will be available at Gator Enterprise, LLC starting May 1st. The Golden Rocks will be out for the Memorial Day weekend and soft serve at Gator's will be the prize for those who find them! If you would like to donate to the Golden Rock fund, please stop by and donate to the HLR at Gator's. Hibernated Rocks will be available to be picked up at the HLR Rock House, located on Sharon Drive. The house will be up by Memorial Day weekend.

We will be creating a HLR snake this year! Take a painted rock to Gator Enterprise and add it to the snake that will be curled up around the new Gazebo they are installing! Stay tuned to our Facebook page we will announce when the snake is ready for rocks!

Reminder to all Rock Hunters, PLEASE post your finds on the #HLR Holiday Lake Rocks Facebook page, our rock creators/painters spend A LOT of time working on rocks, and really love to see the happy faces that find them. Thank you to everyone who participates, it's going to be a great year! For more information on events please follow Holiday Lake Rocks on Facebook at #HLR Holiday Lake Rocks!

Some of last year's ROCK FINDERS!

The Holiday Lake Homeowners Association and Clothes Bin® have partnered to collect and recycle old clothing, shoes and textiles!

Just place the items in the green recycling bin near our parking lot. Every pound of recycled items supports the Holiday Lake Home Owners Association!

Powell Park Improvements

Double (2) Pickleball courts were added early this spring to Powell Park due to generous donations from Jasper Construction and Manatt's, Inc. along with other private donors. This project was spear-headed by Gary Edwards, our local pickleball enthusiast! Many hands make light work and it was great to see so many working together to complete this project. Painted boundary lines will be added once the concrete has had time to cure, along with more activities painted on the court such as 4 square and hopscotch.

Other projects are being planned for Powell Park include a new slide along with a landscaping project from our Betterment Committee which will highlight the Powell Park sign. Thanks to a very generous donation there will be 2 new high quality Goal Setter basketball goals installed on the basketball court.

If you would like to donate to these or other planned projects at the park, please contact Gary Edwards: edwards4800@yahoo.com - 641 750 4800 - Venmo: Gary Edwards@edwards4800

In a small town nestled by the serene waters of Holiday Lake, Adam and September Sackett sparked a tradition that has brought smiles to the faces of residents and visitors alike for years. Their charming lakeside house, adorned with festive decorations, has become a beacon of holiday cheer, drawing admiration from all who pass by.

Adam and September's dedication to spreading joy doesn't stop at their doorstep. September, a compassionate soul who works at a Continuing Care Retirement Community (CCRC), saw an opportunity to share the magic of the season with even more people. With the support of their community, she organized a special outing, inviting residents from the CCRC to experience the enchantment of Holiday Lake.

Thanks to the generosity of neighbors who shared their addresses, September arranged for a bus full of excited residents to embark on a journey to Holiday Lake. As the bus rolled into the neighborhood, adorned with twinkling lights and festive decor, the anticipation among the passengers was palpable.

Holiday Lake's holiday lighting committee is thrilled to introduce September Sackett as the newest addition to our leadership team. As our new chairman, September brings a passion for community engagement and a fresh perspective that will undoubtedly elevate our holiday lighting initiatives to new heights.

With a deep-rooted connection to our community and a strong commitment to spreading joy and holiday cheer, September is the perfect fit for our committee. Her dedication to enhancing the beauty of our lakefront during the holiday season is inspiring, and we are excited to collaborate with her to create magical experiences for Holiday Lake.

In addition to welcoming September, we want to remind everyone that donations to support our lighting efforts are accepted year-round. Whether it's a small contribution or a larger donation, every bit helps us continue to brighten up our lakefront and make our community shine.

To make a donation, simply visit the office and specify that your contribution is for the holiday lighting committee. Your generosity ensures that we can continue to create stunning displays that bring joy to all who visit Holiday Lake during the holiday season and beyond. With September's leadership and the ongoing support of our community, we look forward to making this holiday season the most memorable one yet. Thank you for your continued support, and let's light up Holiday Lake together!

Fish Committee Update

By Committee Member Barry Knowles

Structure, Structure, Structure...

Imagine a house with no walls. Nowhere to rest in peace, nowhere to take cover, zero privacy. Imagine all your favorite campsites or parks with no shade to get out of the sun for relief. Imagine being an animal and trying to catch food, or not to get caught, with no trees, no bushes, no cover at all. The balance of predator versus prey would be non-existent.

Life as a fish with a desert landscape for a bottom is no different. Structure in a body of water benefits every stage of the fish. Some species of fish, like perch, lay their eggs draped across structure rather than building beds. Fry, baby fish, need structure in order to survive. Without a place to hide they are sure to be gobbled up by any species passing by. Juvenile fish need this structure as an advantage to hunt. These fish are not yet large enough to dominate their territory, so hiding will be just as important as the hunt. The surviving elders use this structure to settle in and claim. Knowledge and wisdom of their survival has taught them structure is life! Another added benefit to structure is the increase surface area for algae to grow on, which in return feed the macro invertebrates, which in return feeds the fry. The shade produced by structure also plays an important role by allowing cover from the sun on those hot blue sky days of summer.

So you see, a body of water can have the perfect water quality, perfect water clarity, and yet never reach the perfect balance of fish life. It's a fish eat fish world, they just need somewhere to go!

The Holiday Lake Fish Committee has been hard at work gathering cedar trees to add to existing artificial habitat while creating new honey holes. New residential real estate is hitting the market!
